

A1307 Spittals to Fenstanton Biodiversity Improvements

I am writing to tell you that work continues to improve the biodiversity at 12 sites along the A1307 between Spittals Interchange and Fenstanton. The sites are in poor condition and require improvement to help them thrive. This will include rotovating the sites and planting new greenery to mature and grow over the coming months.

We plan to complete the work overnight on weeknights between **8pm and 6am**, weather conditions permitting.

The next locations of work are detailed below:

Dates	Closure	Diversion
Monday 13 February to Tuesday 14 February (1 night)	J24 Godmanchester - westbound lane 1 on the approach to J24, westbound exit slip road and westbound entry slip road	Traffic to use the A1307 to Pathfinder Link Road, Huntingdon Ring Road then back onto the A1307 heading eastbound to exit on the J24 eastbound exit slip.
Tuesday 14 February to Wednesday 15 February (1 night)	J24 Godmanchester - eastbound lane 1 on the approach to J24, eastbound exit slip road and eastbound entry slip road	Traffic will be diverted eastbound on the A1307 to junction 26 to loop back around and re-join the A1307 westbound.
