CLERK REPORT TO HEMINGFORD GREY PARISH COUNCIL MEETING 14 FEBRUARY 2022

Where I have info to support an agenda item this is below.

Please note that this meeting will take place at the Parish Centre, High Street, commencing at 7.30 pm following the Planning Committee meeting.

1. To receive apologies for absence – Apologies and reasons if received will be reported to the meeting.
2. To approve the minutes of the last meeting in January – attached.
3. Matters Arising from the last or a previous meeting
- 3.1 (5.4) CCC LHI 22/23 bid – to review and confirm feasibility study
“We have now completed a feasibility study for the 22/23 LHI bid that the Parish Council submitted for our consideration. Please find the attached the Feasibility Report for your information and review.

We would like to ask you to pay special attention to the points as listed below:

- Optimum solution
- Key project risks
- RAG (Red/Amber/Green) status
- as well as required applicant’s contribution

Please note that the costs remain estimated until these have been confirmed at the detailed design stage.

Could we please ask you to confirm your approval of the feasibility report or raise any comments that you may have by Monday 14th February 2022. Please note that we also require confirmation on the ability for the Parish Council to meet the financial contribution required of them by the same date.”

Karen Lunn

Feasibility report attached. A time extension for a response has been agreed by CCC.

- 3.3 (5.8.2) Tree planting on highway verges/hedges – to consider report and recommendation
Cllrs Dew and Waters to report.

Other

(5.8.6) Tree suckers at Millennium Orchard – The Handyman has trimmed these back.

4. Finance, procedure and risk assessment

- 4.1 To receive the financial report and approve the payment of bills
Attached.

HDC has written regarding the transfer of the Yes Development open spaces “I have looked at the commuted sum record and there does look as if there could be £30,000 left in the account - I would need to get the figure checked, but that should be roughly correct. We wouldn’t normally pay the [Parish Council’s] Legal Fees - it is usual for each to pay for their own”

- 4.2 Clerk report on any actions taken using delegated powers or because of risk or health and safety
The Clerk used delegated discretionary powers to approve a reduced fee on 2x transfers and an assignment, in order to clear the outstanding charge on a grave and in return for an unused grave being returned to the Council.
The Clerk and Chairman used delegated powers to confirm the Leeds Day that the Council would pay reasonable legal fees for the transfer of Phase 1 and Phase 2 public open space at the Yes Development.

- 4.3 To consider any matter that is urgent because of risk or health and safety
None at the time of writing. Outstanding works identified by the RoSPA report have been completed.

5. **To receive reports and items from committees, working groups and members for decision**
Any reports for information from working groups for information only will be circulated (when received).

- 5.1 Queen's Platinum Jubilee Task Group – to consider report and proposals from the Task Group Attached.
- 5.1.1 That the Council promotes community events for the Jubilee primarily through the Newsletter, website and social media. The publication date of the May/June Newsletter being brought forward.
- 5.1.2 The Parish Council encourages all organisations to promote their events throughout the parish
- 5.1.3 The Parish Council in November 2022 plants a Jubilee Oak in the Yes Development (as part of the proposed hedge along the London Road boundary)
- 5.1.4 The fruit trees planned to be planted on Saturday 12 Feb to be named the Jubilee Orchard to match the Millennium Orchard
- 5.1.5 A number of picnic tables are planned for the open spaces in the parish and the ones at Vicarage Fields and Daintree Green are used to celebrate the Jubilee. Proposal that the Parish Council approves the expenditure for 2 picnic tables (as per the picnic table donated by a resident in Daintree Green). The tables to be in place before the Jubilee weekend with an opening ceremony held at some point over the weekend.
- 5.1.6 The Parish Council invites applications from local organisations for small grants of c£50 to support community events and activities open to all.
- 5.2 Environment Working Group report and proposals: ^(RW)
Report and Draft plan for trees 2022 attached. Cllr Waters to report.
- 5.2.1 Proposal to allow up to £60 incidental expenses for wildflower planting on parish land including refreshments for helpers. To note that half the wildflower seed budget has been spent (£40) and the rest will be spent this year.
- 5.2.2 To note the proposed tree planting schedule for 2022
- 5.2.3 Proposal to order oak tree for YES estate as part of the Jubilee celebrations; three small native (if possible) trees for High Street verge; and associated stakes, mulch, tree ties and guards as required; for up to £400
- 5.2.4 Proposal to organise a community litter pick on 9 April and to advertise in the next newsletter
- 5.3 Update on the defibrillator ^(NI)
- 5.4 Request for Parish Council support for Hemingford Hub's expression of interest in Department for Transport trial transport support system scheme
Cllr Elliott to report.
"Hemingford Hub has applied for government funding for a trial transport system to help alleviate loneliness in the villages.
At this moment we do not know if we are going to be put forward to the next round for funding, which would cover all outgoings for the first year, to buy and run an electric Hemingford Hopper bus between the villages and into St Ives. The proposed bus schedule would be to run on a continuous loop several times a day, seven days a week. Obviously the EoI is very detailed. We hope we can count on your support in this endeavour. We will keep you posted if and when we hear back from the DfT. If you have any questions or advice on this matter, please refer to me or Tish Peek."
6. To consider correspondence/communications received
7. Closure of meeting

PROJECT FEASIBILITY SUMMARY

Local Highway Improvement (LHI) Initiative

Applicant	Fenstanton and Hemingford Grey Parish Council	Status	Approved
Application Reference No		Version	1.0
Assigned Highways Officer	Karen Lunn	Approved by	ACD
Location of proposal	A1096 London Road		
Streetview Link	https://www.google.com/maps/@52.3136063,-0.0822082,17z		
Highway Issue or Improvement -	Proposed speed limit reduction from the current 40MPH zone (to 30MPH), together with supporting speed and traffic management initiatives, such as moveable lamp post mounted speed indicator device. In addition a buffer limit of 40MPH to just beyond Marsh Lane.		
Key Considerations -	<p>This report includes costs for changes to the speed limit signing as requested and the provision of an MAVS unit only. It does not include costs for road markings or traffic calming features. The speed data supplied suggests that there is likely to be compliance issues with a 30 mph speed limit that would require physical measures to encourage compliance. The road layout with respect to the width of it, the number of right-turn lanes and bus stop lay-bys does not lend itself to a simple traffic calming scheme of speed cushions. The design of a traffic calming scheme would require some thought and it is felt that the cost would exceed what can be funded through the LHI process alone.</p> <p>It is likely that the proposed 40 buffer limit will exceed the maximum distance for a buffer limit as the road geometry makes it difficult to site the terminal signs with adequate forward visibility for approaching drivers.</p> <p>There may also be issues with suitable verge widths for signs.</p>		
Optimum Solution -	Reduce the existing 40 limit to 30 with supporting physical measures to ensure compliance. Subject to speed survey data install a 40 mph or 50mph speed limit commencing between Galley Hill and Marsh Lane.		
Other options considered -	<p>1. Retain the existing 40 limit and install a 50mph limit between that limit and Galley Hill. Improve the existing 40 signing to make it stand out by using yellow backed signs and speed limit roundels within both limits.</p> <p>2. Subject to favourable speed data commence 30 speed limit slightly in advance of Dunnock Way. Retain the 40 limit between this point and the existing terminal signs and then implement a 50mph limit between this point out towards Galley Hill.</p>		
Key project risks -	<p>Speed survey data not supporting the speed limit reductions to 30 and 40 mph.</p> <p>Need to consider suitable mounting locations for MAVS unit/Speed indication device along the road. If using lighting columns then the Parish Councils must apply for an attachment license from Balfour Beatty Lighting to mount onto existing CCC lamp columns.</p>		

TECHNICAL APPRAISAL OF PROPOSED SOLUTION	
Road Safety Benefit and/or Issues	RAG
Road users will have an expectation that drivers are travelling at the posted speed limit. If that limit has a low level of compliance it could cause road safety issues particularly for vulnerable road users.	
Risks to Delivery (see 'Key project risks' section above for further information)	RAG
Speed limit data not supporting requested speed limit reductions. Increased total cost, should physical traffic calming measures be required to achieve speed compliance as these have not been accounted for in the below cost estimate. Objections to the proposed speed limit reductions. Narrow verge widths/adjacent vegetation affecting sign locations.	
Effectiveness	RAG
Speed limits set unrealistically low for the character of the road are unlikely to achieve a good level of compliance.	
Maintenance Considerations	RAG
The signs, posts will require ongoing maintenance.	

ESTIMATED CONSTRUCTION & OTHER COSTS

Queen's Platinum Jubilee

The working group of Cllrs Elliott, Jakes and Meredith with The Chair Cllr Allen also attending met on two occasions with Cllr Elliott also representing the Parish Council at a Pavilion meeting on Weds 19th January.

The group noted that the budget for 2022-2023 did not include any monies specifically for the Jubilee and so any expenditure would have to come from planned expenditure such as the Newsletter, Community Chest and Green projects. The Group discussed having a beacon but decided it would not be appropriate due to the topography of the parish and budgetary constraints.

It was also noted that as it was a long weekend that some households might be away or entertaining family and friends. This might reduce attendance at events and the ability for organisations to organise events. It is likely that following the success of street parties for VE day in 2020 that local street based celebrations would be held over the long weekend.

An issue of the Newsletter is due to be published towards the end of May so could be used to promote community events.

A dedicated Facebook for the Jubilee Year was discussed. It could provide a record of all the events in the parish for years to come there were concerns over who would take on the responsibility for it as the Parish Council did not have the resources and many residents did not use Facebook.

Cllr Elliott reported that the Pavilion is planning its own events on the Friday 3 in the evening (disco party) and on the Sunday 5 from lunchtime into the evening. In attendance were councillors from Hemingford Abbots, including their chair, and others on the pavilion sports and social committee. There was a good degree of community agreement to work together to effect a successful outcome for the two villages. Communications from the two parish councils, HemingfordHub and the Pavilion would be harmonised to let all groups and societies know of the community proposal to create a working agenda for later promotion to all villagers.

There is a plan to hire the Somersham Town Band to perform on the Sunday afternoon at the pavilion. Also to create 'streets' using bunting on the playing fields and painted square spaces along these streets for individual groups to use. The meetings asked if they knew a band who could play in the evening. There were further discussions of what refreshments and entertainments for families could be planned. The two WIs have agreed to work together to serve tea and cakes on the Sunday afternoon.

Minutes of the meeting were not yet available at the time of writing this report.

The proposals below outline how the Parish Council could promote and support the Platinum Jubilee using monies already allocated.

Proposals to council

- That the council promotes community events for the Jubilee primarily through the Newsletter, website and social media. The publication date of the May/June Newsletter being brought forward.
- The Parish Council encourages all organisations to promote their events throughout the parish.
- The Parish Council in November 2022 plants a Jubilee Oak in the Yes Development (as part of the proposed hedge along the London Road boundary)
- The fruit trees planned to be planted on Saturday 12 Feb to be named the Jubilee Orchard to match the Millennium Orchard.
- A number of picnic tables are planned for the open spaces in the parish and the ones at Vicarage Fields and Daintree Green are used to celebrate the Jubilee. Council approves the expenditure for 2 picnic tables (as per the picnic table donated by a resident in Daintree Green). The tables to be in place before the Jubilee weekend with an opening ceremony held at some point over the weekend.
- The Parish Council invites applications from local organisations for small grants of c£50 to support community events and activities open to all.
