Ring & Ride is a pre-bookable service operating throughout the Huntingdonshire Area five days a week. You must be a member of HACT to use this service.

Just like any other bus service, Ring & Ride has to charge fares, but these are kept as low as possible. Members with a valid bus pass that have been issued by Cambridgeshire County Council can travel on our Ring & Ride service FREE of charge. Our minibuses are fully accessible and equipped with clamps and fittings to secure you and your wheelchair in safely. If preferred the driver can assist you with transferring to a seat.

This is a door to door service and will take you to the designated destinations shown on the timetable. The drivers offer assistance to individual passengers in boarding and leaving the vehicle and makes sure you are transported safely during the journey, but we are not able to offer support once your destination is reached, however you can take an escort with you.

The bus will pick up other members on route and the time of your journey will vary depending on how many people are travelling. Please note that all our times listed on the timetables are **approximate**. So that Ring & Ride can be available to as many people as possible you are **no longer able to book a regular booking** and MUST call the office within 7 days to book your seat. These times must be adhered to along with the destination, we are no longer able to offer multiple drop offs. To find out which days/times it serves your area, please refer to the timetable for your area.

**Please make sure you have booked before 1pm the day before you wish to travel.  
We will telephone you the day before you travel with your pickup time.**
